

Sample of DLA Training Safety Courses

DLA Supervisor Safety Training	3 days
This course provides all current and new DLA supervisors with the initial safety and health training required by the Defense Logistics Agency (DLA) as implemented by Executive Order 12196, and the Occupational Safety and Health Act. The DLA Primary Level Field Activity (PLFA) Safety and Health Manager can select from various modules to fit the needs of their activity.	
DLA Safety Monitor Training	2 days
This course is designed to provide the information necessary to function as a safety monitor in a Defense Logistics Agency (DLA) work area. The DLA Primary Level Field Activity (PLFA) Safety and Health Manager can select from various modules to fit the needs of their activity.
